Just Listen To What They're Saying About Our Catering...

“ Just a word to my friends out there-Hot Spot BBQ is the best! We use them for all our catering events (large and small) and everyone raves and raves about their food. For catering they are the easiest to work with even on short notice. I just tell Cheri and her team how many people and what we want and she works the order out for me! The food appears on the day of my event fresh and hot and ready to serve! We have used them for employee events, customer events and private events, just perfect. If you are considering a catering event, these are the best people to work with!! They are good honest community minded people who go the extra mile to make your event a success! ”

Jacque Gray, PHR
Sandy Sansing Dealerships

“ I have had Hot Spot BBQ just about any way you can have barbecue: Dine-in, take-out and event catering—and any way you choose, they are the best around...and a great value for the money! Their brisket is phenomenal, sliced chicken breast is tender and juicy and their ribs are second to none. Unless you are a vegetarian (and even if you are—their sides are great too) you need to make your way to Hot Spot BBQ! ”

Marty Stanovich, Executive Director
The First Tee of Northwest Florida

“ Hot Spot Barbecue always goes above and beyond to exceed our expectations! They deliver nothing but the best and The Arc Gateway is so appreciative of their generosity to support those we serve with disabilities. We are forever grateful for their amazing customer service, delicious food, and wonderful passion they have for giving back to the Pensacola community. ”
